Key of G, 4/4 time

Intro and interlude:

| G | C2 | Em7 | D |

Verse 1:

G
I used to wake up every morning
C2 G
Just to make it through the day
Em7 D
Living for myself and nothing more
C2 G
In such a selfish, empty way
G
But then You found me in my darkness
C2 G
Called my weary heart Your own
Em7 D
Now I wake up with a purpose
C2 G
I'd never really known

Chorus:

Em7 D
You changed my want to
C2 D
From surviving to truly living
Em7 D
You changed my want to
C2 D
From taking to freely giving
Em7 D
What used to feel like burdens
C G
Now feels like coming home
D
And I'm not the same...
G
'cause You changed my want to

Verse 2:

G
I used to run from every heartache
C2 G
Build walls to keep love out
Em7 D
Now I want to stay and listen
C2 G
Even when it hurts somehow
G
I used to dream of recognition
C2 G
Now I dream of serving You
Em7 D
The way You've turned my heart around
C2 G
Is something only You can do

Bridge:

C G
Every morning when I wake up
D Em
I'm amazed at what You've done
C G
The heart that once was made of stone
D C2
Now beats in rhythm with Your Son
